The Chairman's Address

TO THE

GOVERNORS

AT THE

ANNUAL GENERAL MEETING

Held at the Hotel Victoria, on March 4th, 1931.

THE CHAIRMAN :—Ladies and Gentlemen, with your permission I will briefly review the work of the past year.

You will have gathered from the Report which Dr. Box has presented with his usual lucidity and ability that a far lesser number of patients have passed through our hands last year as compared with the preceding one, but it by no means follows that the work of the Hospital has, in any way diminished—very far from it.

Although the admissions were 249 less (of which total 230 were fever cases, as pointed out in the Medical Report) the actual *daily average* number of beds occupied during the twelve months was 123 as compared with 122 during the previous year, proving that the daily work in reality slightly increased.

This increased daily average of patients maintained is accounted for by the fact that in 1930 the average period during which each patient was resident was “ 46 days ” as against “ 37 days ” last year, representing 9 days average additional maintenance per patient. The effect of this, of course, is to increase our total cost per patient, but to this I will refer later.

I will now review the general financial position but in order to draw proper comparisons as between the two past years, we must adjust the figures and eliminate certain items which appeared in the accounts for 1929 and which were the result of our Special Appeal.

I regret to say that we have not had a good year, in fact, quite the reverse is the case.

Our total Income was £25,447 as against £27,687, showing a decrease in our total receipts of £2,240. This has proved a serious handicap to the year's work and has in turn resulted in our overdraft at the bank being increased by £2,000.

The chief item which accounts for the reduced Income, comes under the heading of "Receipts on Account of Services rendered" which is £1,719 less than the amount received from the same source in 1929. This, of course, is due to the smaller number of patients admitted.

The next item showing an important reduction comes under the heading of "Legacies," from which source we only received £435 as against £750, an adverse difference of £315. The sum received from Donations was £225 less than in the previous year. Other items showing small reductions are: Hospital Sunday Fund £10, Richard Cloudesley's Charity £5, Interest £36, and Gifts in Kind £5.

Against these reductions we have slight increases in Annual Subscriptions and in the amount received through the activities of the Ladies Guild—the former is increased by £67 and the latter by £8—as compared with the previous year.

The nett result, as I have already stated, represents a reduction in Income of £2,240.

Now if you will turn to the Expenditure side of the Accounts, you will find the total figure of expenditure amounts to £28,516.

Here again, in order to render the accounts comparable, we must eliminate from 1929 Accounts a sum of £4,154 which is included under the heading of "Renewals and Repairs to Buildings and Plant," and which represented Capital expenditure, and an amount of £932 which was chargeable to the Special Appeal. Our ordinary expenditure for 1929 would then appear as £28,154. Last year it amounted to £28,516, which shows an increase of £362.

The headings and the amounts which have contributed to this increase are respectively :—

Provisions	£494
Domestic	£ 11
Administration	£107
Renewals and Repairs to Buildings, etc.	£234

On the other hand, decreases occur under the following headings :—

Surgery and Dispensary	£110
Salaries and Wages	£124
Miscellaneous	£222
Finance	£19

The nett result of last year's working is that we show a deficit of £3,068.

This is a serious position in which to find ourselves, and I can only hope that when the public realise just how serious is the position of London's only voluntary Fever Hospital, that they will respond generously in an endeavour to avoid the inevitable curtailment of the work which it now undertakes.

You will, I am sure, agree—and it has frequently been made clear to you—that in maintaining a Hospital such as ours, it is impossible always to keep the figure of expenditure on a level with that of the previous year, and by far the most reliable index whereby to judge of the administration is by comparing the average Statistical cost of each patient per week.

I would here interject that in arriving at the total weekly cost, the *whole* of our expenditure—including capital—is taken into account and therefore does not produce a truly comparable basis.

If you will refer to the statistical tables, you will find that this figure compares very favourably with the past year. In 1930 it was £4. 2s. 0d. as against £4. 2s. 9d. in 1929, thereby showing a reduction of 9d. per week per patient. The total weekly cost per patient was £4. 8s. 4d. in 1930 and £5. 4s. 4d. in 1929.

The average total cost of each patient is governed entirely by the number of admissions ; it is not surprising therefore to find that in 1930 each patient cost us £29. 4s. 8d., whereas in the previous year this amount was £27. 12s. 6d.

In thus summarising our present financial position, I do not wish to take too pessimistic a view, but I think no one can fail to appreciate the very serious position with which we are faced, and unless additional help is forthcoming from the public in the future, I am afraid the time is not far distant when we must face the problem of considering the advisability of curtailing our work in order to reduce our expenditure.

I will now turn from financial matters, and I regret to have to record that in May last we were deprived, by death, of two Colleagues who were devoted friends of the Hospital. I refer to Lord Muir Mackenzie and Sir Herbert Hope.

Lord Muir Mackenzie was, as most of you are aware, connected with the Hospital for a great number of years, and from 1921 to 1924 he filled the office of President with great ability. We deeply mourn his loss.

Sir Herbert Hope was, for four years, a very active and generous member of our Committee, and he is greatly missed.

In addition to the foregoing, we have been deprived of the services, for various reasons, of :—

The Hon. Mrs. Muir Mackenzie,
Admiral Drury-Lowe, and
The Hon. George Peel,

and I take this opportunity of placing on record our grateful appreciation of the valued assistance rendered by these Colleagues.

Active steps are being taken to fill the vacancies on the Committee caused by their resignations, and in this connection I am sure I am voicing your sentiments when I extend a very warm welcome to Miss Webb and Mr. Stacey, and I am confident that their connection with the Governing Body will be of great benefit to our future work.

I am sure it would be your wish, as it is mine, again to place on record our grateful thanks to Mr. Mead and his fellow House-Directors for all the services they have rendered during the past year in connection with the many problems with which they have dealt, and I am relieved to think that Mr. Mead has again accepted Chairmanship of the House Committee. (Applause.)

I have also to record the fact that early this year, Sir Felix Schuster intimated to me his desire to retire from the Treasurership of the Hospital, and with great reluctance the Committee realised that his resignation would have to be accepted.

It is only fitting that I should express our sense of deep appreciation for the services he has so kindly and efficiently rendered to the Hospital over a period of twenty years.

Whilst this fact does not strictly come within the period under review, I am glad to be able to tell you that another Director of the Bank, Mr. F. A. Johnston, has accepted the office, and I would extend on your behalf a very hearty welcome to him, together with an expression of our hope that he will take as active a part in the management of the Hospital as is compatible with his other responsibilities.

Sir Charles Stewart referred last year to the proposed Recreation Room which was then under consideration. This is now an accomplished fact and the Nursing and Domestic Staff are now provided with adequate and comfortable quarters in which they may spend part of their leisure time.

In addressing you in my absence, Sir Charles also referred to the then newly formed "Nurses League" and recorded the Committee's appreciation of their work. I want to associate myself with those complimentary remarks and to endorse all that he said. I have witnessed on several occasions the spirit in which the members of the Nurses League engage in every effort to raise funds for, or bring good cheer to, the Hospital and those who work for it or who may be patients therein. The results of those efforts have been remarkable and they are to be congratulated. They have now undertaken to provide the necessary furniture for the Recreation Room, an action which I would like them to know is very greatly appreciated by the Committee. (Applause.)

And finally, but by no means least, I want to pay a tribute to the Staff of the Hospital for the same loyalty and willingness which has always characterised their service to the Hospital, and on behalf of the Committee, I take great pleasure in tendering to them a sincere expression of our appreciation and gratitude.

I will now formally move :—

"That the proceedings of the Committee during the year be approved and that a vote of thanks be tendered them for their services." (Applause.)

This was unanimously agreed to.

REPORT OF THE COMMITTEE.

For the Year Ending 31st December, 1930.

YOUR Committee have the honour to present the One Hundred and Twenty-Ninth Annual Report of the work of the London Fever Hospital.

The number of fever patients admitted during the year shows a decrease of 230 when compared with the number admitted during the previous twelve months. This is accounted for by the subsidence of the outbreak of German Measles. The cases of Diphtheria, although not more numerous, have again been of a severe type.

Admissions for Five Years, 1925-1929.

	1930	1929	1928	1927	1926
Scarlet Fever ...	267	279	276	170	136
Diphtheria ...	234	244	272	140	95

	<u>831</u>	<u>1061</u>	<u>967</u>	<u>567</u>	<u>701</u>

At the beginning of the year 1930 there remained in hospital 151 patients; 107 were fever patients, and 44 cases of pulmonary tuberculosis.

During the year 831 cases diagnosed as suffering from infectious fevers were admitted. Of these 137 were private patients, a proportion of just over 16%.

Of tuberculosis 111 admissions occurred.

The total number of patients under treatment was 1093. Of these 938 were fever cases, and 155 were cases of pulmonary or other forms of tuberculosis.

Of the 938 fever patients, 847 were discharged cured and 9 died whilst 82 patients remained in hospital at the end of the year.

Cases treated to a termination, comprised :—

Scarlet Fever, 274 cases with 1 death. Mortality 0·4%

Diphtheria, 261 cases with 4 deaths. Mortality 1·5%

Measles, 135 cases with 3 deaths. Mortality 2·2%

German Measles, 14 cases with no deaths.

Enteric Fevers, 6 cases with no deaths.

Other Fevers, 99 cases with no deaths. These fevers include .—

Varicella, 6 cases.

Mumps, 20 cases.

Erysipelas, 5 cases.

Influenza, 4 cases.

Glandular Fever, 1 case:

Patients suffering from diseases other than fevers numbered 127. Of Advanced Tuberculosis 155 cases were treated with 55 deaths.

The following cases of Cross Infection occurred during the year :—

Four cases of Scarlet Fever in the Diphtheria Block (All recovered). One case of Measles—also recovered.

The practice of testing and immunising new nurses against Scarlet Fever and Diphtheria continues to give good results. The saving to the Hospital by this procedure is estimated at approximately £400 per annum.

A further supply of Anti-Measles Serum has been obtained from convalescent patients. The efficacy of this serum in the prevention of cross-infection is established.

The New Recreation Building for Nurses and Domestic Staff was completed in December, and has already proved a great boon.

The Statistical tables which are appended have been prepared by Dr. Massingham.

MEDICAL STAFF.

Dr. Arthur Elliot-Smith, Assistant Medical Officer, resigned in the Autumn. His place has been taken by Dr. Alan Wigfield.

NURSING STAFF.

During the year the following infections occurred among the Nursing and Domestic Staffs. Scarlet Fever, 3 cases ; Diphtheria 2 cases ; German Measles 1 case ; Erysipelas 1 case.

Eleven Nurses were awarded London Fever Hospital Certificates. Ten Nurses presented themselves for the Final State Fever Examination, seven passed.

LONDON FEVER HOSPITAL

Liverpool Road, Islington.

LAWS AND REGULATIONS.

Reception of Patients.

1.—The Hospital is intended for the reception of persons suffering from infectious fever other than small-pox, and more especially for such of those persons as may require isolation, in order to prevent the further spread or propagation of the disease from them to others.

2.—Any person (not being a parochial pauper) labouring under such disease, shall, subject to the next rule, be considered a proper person for admission into the Hospital.

3.—The Committee may from time to time make regulations for the admission of such persons as patients on payment of such sums as may be from time to time determined, provided always that—

- (a) Domestic servants of governors shall be admitted gratuitously.
- (b) The Committee may, if they think fit, at any time reduce or wholly remit the fees in the case of individual patients.

4.—Applications for admission should be accompanied by a medical certificate stating the nature of the disease. The medical officers may, in the exercise of their discretion, refuse admission to any case which they deem unfit ; but every refusal to admit a patient shall be reported at the next meeting of the Committee, together with the reason for the refusal.

Governors.

5.—All subscribers of not less than one guinea per annum, who have subscribed for more than one year, and all donors of not less than 10 guineas in one donation, shall be governors of the Hospital. This rule shall not be retrospective.

General Meeting and Election of Committee.

6.—A general meeting of the Governors, of which ten days' previous notice must be given in three morning newspapers, shall be held every year, on the second Friday in February, or as near thereto as may be convenient, for the purpose of approving or rescinding the proceedings of the Committee for the preceding year; for receiving the annual report of the state of the funds; and for electing a president, vice-presidents, treasurer, honorary secretary and other members of the Committee for the ensuing year.

7.—The Committee for the management of the Hospital shall consist of the president, the vice-presidents, the trustees, the treasurer, honorary secretary, and not less than fifteen nor more than twenty-five other governors.

8.—A special general meeting of the governors may at any time be called by direction of the president or of the Committee; or on the requisition of any twelve governors, provided the requisition be made in writing to the secretary and the purpose for which the same is summoned be published in three morning newspapers at least ten days prior to the meeting; but the proceedings of such special general meeting, though acted upon *pro tempore*, shall not be deemed final until confirmed by another general meeting.

9.—No new rule or law shall be made, nor shall any existing rule or law be repealed or altered, until determined upon at a general meeting by a majority of governors present and voting, and until confirmed at a subsequent general or special meeting.

10.—The presence of seven governors shall be necessary to constitute a quorum at general meetings, and without that number no business shall be transacted.

The Committee.

11.—The Committee shall manage the Hospital. They shall meet on the second Friday, or on such other day of every month as they may appoint; and three members shall be necessary to constitute a meeting and to transact business. A special meeting of the Committee may be called by the direction of the honorary secretary, or by any three members of the Committee, on giving at least three days' notice of the same to the members of the Committee, and specifying the business for which it is called.

12.—The Committee shall have authority to appoint sub-committees, whose reports shall be submitted to their consideration and with the assistance of the medical officers shall, from time to time as may be expedient, form regulations and any by-laws for the internal management of the Hospital.

13.—The resolutions of one meeting of the Committee shall not be rescinded by another, unless it be specially summoned for that purpose.

14.—The Committee shall yearly publish a report of the state of the Hospital.

15.—All accounts, except such sums as may be comprised under the item of petty cash, shall be submitted to the Committee at the monthly meetings, after having been duly examined by the secretary, the resident medical officer, the house directors, and certified by the auditor; and such accounts, if approved, shall be paid by cheques, payable to order, signed by two members of the Committee, on production of the house directors minutes relating to them, and countersigned by the secretary.

16.—No member of the Committee shall furnish, otherwise than gratuitously, any goods, provisions, or other articles, for the use of, or on account of, the Hospital, or be concerned in any contract, directly or indirectly, for supplying the same, or be employed for hire, fees, wages, or profit in any office or employment in connection with the Hospital.

Election of Officers.

44.—The physicians, surgeon, assistant physicians, architect, resident medical officers, matron, auditor and secretary shall be elected by a Committee comprised of the Committee for the management of the Hospital, the honorary medical officers, and the architect.

Salaries.

45.—No variation in the fixed salaries of officials shall be made unless the Committee be summoned for the purpose, and unless the proposed addition or diminution be confirmed by a subsequent Committee.

Trustees.

46.—The legal estate in the lands, buildings, and premises of the Hospital shall be vested in a corporation authorised to act as a trustee, or in not less than three individual trustees, a new trustee, or new trustees being appointed at a general meeting of the governors when vacancies occur.

47.—Every legacy or bequest of the amount or value of £100 and upwards, or which no special direction, or appropriation shall be directed or declared by the testator, shall, unless the same is immediately required for the general purposes of the Hospital be invested on behalf of the Hospital in any investments for the time being authorised by law for the investments of trust moneys ; but so that such legacy or bequest and the investments for the time being representing the same shall remain available for the general purposes of the Hospital and applicable as income accordingly ; and the same or any part thereof may at any time or times, be so applied with the sanction of a resolution of the Committee approving such application.

Religious Ministrations.

48.—Ministers of religion of all denominations shall have free and equal access to the hospital, but no minister of any denomination shall receive any payment out of the funds of the Hospital in respect of his ministrations.

49.—It shall be a standing instruction to the Committee and officers of the Hospital that any minister of religion desirous of visiting or ministering to patients of his own denomination shall be received with all courtesy, and shall be afforded all facilities consistent with the wishes and welfare of the patients and the convenient conduct of the Hospital.

By-Laws

50.—The by-laws which shall from time to time be made by the Committee shall be open to the inspection of any governor, and shall contain, among other things, a full specification of the duties of the resident medical officer, the matron, and other officers and servants of the Hospital, together with the terms of their employment. This specification of his or her own duties shall be read to and assented to in writing by every person before his or her appointment, and referred to on all occasions of doubt.

At a meeting of the Committee held at Freemason's Tavern on October 13th, 1882, it was resolved :—

1. That no election to the office of physician, assistant physician, resident medical officer, assistant medical officer, secretary, auditor, or matron be proceeded with until the vacancy has been advertised in three daily London papers and in two medical journals. The first advertisement to be inserted not less than eight days before the election.
